THERE IS A BETTER WAY

In today's fast-paced world, time is of the essence. Convenience, flexibility, and simplicity are the key to value when it comes to any service, especially training on a new system. That's where imageRUNNER ADVANCE eLearning comes in. Canon Solutions America's eLearning web-based training platform for the imageRUNNER ADVANCE series provides self-paced instruction that allows your entire staff to get up to speed quickly on the features and functions of your new multifunction device.
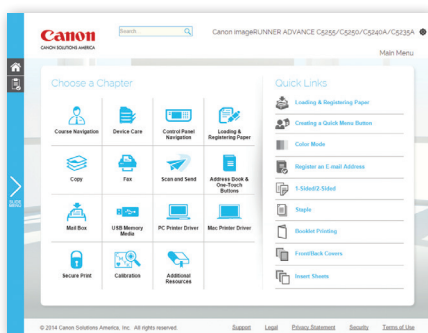

The imageRUNNER ADVANCE eLearning program is easy to use and available on demand. Every employee has access to this valuable service, no matter what size your organization is. Each person can move through the courses at their preferred pace, and spend as much time as they want with topics specific to their needs. eLearning helps your users gain proficiency and familiarity with new technology—while learning at their desks.

imageRUNNER ADVANCE eLEARNING

- A convenient, web-based training program.
- Allows for self-paced learning, available 24/7.
- Offers unlimited access for the duration of your equipment lease (or five years from installation for purchased devices).
- Available to both new and current Canon Solutions America customers.

BENEFITS OF imageRUNNER ADVANCE eLEARNING

- Online format makes training available when and where needed—accommodating extended shifts, weekend staff, and remote locations, with no travel required.
- Ongoing access means the course is always available—for new hires, or as refresher training for current staff.
- Easy course navigation and self-paced training make learning accessible to all levels of users.
- Improved staff productivity and faster application of device capabilities through enhanced understanding of the new technology.

COURSE TOPICS INCLUDE

- Replacing consumables.
- Paper loading and registration.
- Control panel navigation.
- Copying, faxing, scanning, printing, and more.

HOW DOES IT WORK?

Your employees learn by watching short animated videos with voiceover to guide them through each lesson, step-by-step. A Closed Caption feature can be used in quiet environments or to assist hearing-impaired associates. The course structure accommodates different learning styles; users can go through the course chapter-by-chapter or use the table of contents to quickly jump directly to topics that pertain to their job. Quick links are always available to provide access to the most popular lessons.
